| 1:40 - 1:50 PM | Networking Break |
| 1:50 - 2:35 PM | The Developer/Owner's Perspective: Investment Opportunities
Prominent and active developers, owners and investors will discuss true value-add opportunities, upgrading and repurposing existing buildings as an alternative capital source, the best bets among asset classes, opportune developments that offer stabilized cash flow, acquisitions, and valuations. |
| 2:35 - 3:20 PM | Capital Markets: Where is the Money Coming From and Where is it Going?
Leading industry experts will address the state of the capital markets, highlighting the current market trends, diversifying risk across property types, pricing amid rising rates, new opportunities in a turbulent market, and more. |
| 3:20 - 3:30 PM | Networking Break |
| 3:30 - 4:15 PM | Under Pressure: Investment Strategies in Today's Market
Hear from lenders, mortgage brokers, mortgage bankers and borrowers regarding their perspectives about current financing trends, and anticipated market movements. Learn how both investors and capital providers are coming up with unique, but effective methods regarding short-term and long-term options, demand drivers, liquidity, and transparency during this economic and market volatility. |
| 4:15 - 5:00 PM | The Green Wave of CRE Financing
With ESG priorities increasingly in the forefront, eco-conscious lending is both a challenge for borrowers in terms of meeting reporting requirements and an incentive to bring properties into compliance. You'll hear about the advantages of green lending for borrowers as well as developers/investors, how to identify properties and projects that are eligible, the hurdles that must be cleared to qualify for green financing, lenders considerations and emerging trends. |
| 5:00 - 6:15 PM | Cocktail Reception, Networking & Appetizers |
